

CostSmart's Services:

Print Management

CostSmart's goal is to streamline the sourcing of your **print material**. We can assist in the **sourcing**, procurement, stocking and replenishment of regularly used print items. We have a complete range of printing and point of sale products for your campaign or project. CostSmart are an end-to-end production service and position ourselves as an extension of your marketing and procurement team, working alongside you to produce a quality outcome.

CostSmart's dedicated and knowledgeable account managers will be available to answer all questions and ensure that all print specifications are correct and relevant to the end goal. Our in-house graphic designer will help oversee the project and ensure that all brand guidelines and rules are followed to guarantee brand compliance across all print productions.

CostSmart can centralise your printing needs:

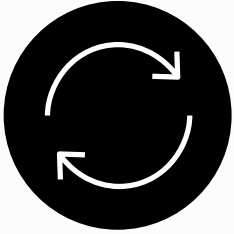

- Mail-outs
- POS installations
- Campaign delivery
- Online order fulfilments across multiple sites

“ CostSmart is an invaluable print manager partner who constantly exceeds our expectations since 2015.
 - Marketing Manager - James Hardie Building Products ”

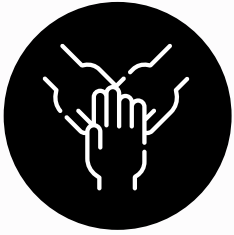

Head to our website to learn more about how your business can benefit from CostSmart **managing your print collateral.**

Save time and cut costs in procurement and administration by centralising your print management system.

CostSmart understand each suppliers' strengths and limitations and can **ascertain which supplier would be best suited** for a specific job.

Provide peace of mind that important items are always available with **auto-replenishment of stock**.

CostSmart ensures that all brand guidelines and rules are followed to **guarantee brand compliance** across all productions.

Print Management

“Streamline and centralise your print projects.
