

CostSmart's Services:

Warehousing + Storage

With rising commercial rental rates in Australian cities, our strategically placed, highly secure warehouse on the Eastern seaboard offers the most economical means to store your products for distribution. Choosing the best location for the storage of your products will help streamline your processes, cut overheads and create efficiencies.

CostSmart provides you with an integrated supply chain partnership that you can rely on. With our secure site, **custom eStore solution** and electronic visibility of your stock, CostSmart is well positioned to manage your inventory and logistics.

CostSmart offers a variety of warehousing and storage solutions:

- Bulk warehousing
- Document archiving + records management
- Event coordination
- Project management
- Installations
- Customised packaging
- Personalised delivery document options

“ One of the best warehousing and storage operations I have ever seen.

- Head of Operations - Malt Shovel Brewery

”
